HOMES IN YOUR TOWN

Mr. & Mrs.

Dear Mr. & Mrs.

I saw your ad in the \_\_\_\_\_ advertising your home for sale and, for the present, I'm sure you have a marketing program in place to get it sold.

However, should you not be successful on your own, and you decide to interview real estate brokers, it is my strongest recommendation, that you not make that important decision, unless you have met with us as well.

With our exclusive world wide real estate show, over 1,200 real estate websites, a data base of over 26,000 customers waiting to buy, virtual tours for all of our listings and \$1 million dollars transaction insurance to protect sellers...just to name a few of our services, our upgraded marketing is unprecedented in the industry.

Find out for yourself why there really is a difference between realtors. I can be reached at (732) \_\_\_\_\_.

Thank you.
